SKILLS

- **Languages:** C, C++, Java
- **Frameworks:** HTML and CSS
- **Tools/Platforms:** AWS, Cisco Packet Tracer, MySQL
- **Soft Skills:** Analytical Thinking, Innovative, Persistence, Detail-oriented

PROJECTS

- **AI Content Co-Pilot – AI-Driven Digital Content Assistant: | [GitHub](#)** January 2026
 - Built an AI-powered content assistant that generates, optimizes, personalizes, and repurposes digital content from a single input.
 - Implemented key features including AI content generation, platform-specific formats (Instagram, LinkedIn, Twitter/X), tone & audience selection, one-click content repurposing, and engagement score prediction with suggestions.
 - using HTML, CSS and JavaScript for the frontend, with Node.js and Express handling backend content generation logic
 - Integrated Google Gemini API for AI content generation and prompt handling.
 - Resulted in a flexible, user-friendly AI tool that streamlines the content creation workflow and enhances digital engagement.
- **Cultural Etiquette Guide – Web-based Cultural Etiquette Platform: | [GitHub](#)** July 2025
 - Created a web-based platform that provides country-wise etiquette guidelines, helping users understand cultural norms, greetings, gestures, and social behavior.
 - Developed interactive world map using the Google API, developed fully responsive country-specific UI pages, and structured detailed etiquette content using HTML, CSS, and JavaScript to deliver an organized and user-friendly cultural guide.
 - Enabled users to easily explore global etiquette information in a clean, accessible interface usable on any device.
- **CPU Scheduler Simulator – Web-based CPU Scheduling Tool: | [GitHub](#)** January 2025
 - Built a web-based simulator for visualizing CPU scheduling algorithms such as FCFS, SJF, Priority Scheduling, and Round Robin.
 - Implemented algorithm-driven process handling using JavaScript, designed responsive input forms and selection options with HTML and CSS, and added visual flow animations for clear scheduling visualization.
 - Helped students understand scheduling behavior through real-time calculations and visual execution charts.

TRAINING

- **Data Structures & Algorithm Using C++ | [Cipher School](#) | [Certificate](#)** June 2025 – July 2025
 - Completed an industry-oriented training focused on C++ programming, Data Structures, and Algorithmic problem-solving using Object-Oriented Programming, STL, and file handling.
 - Gained strong proficiency in C++, with an in-depth understanding of OOP concepts, STL components, recursive algorithms, sorting and searching techniques, and major data structures including linked lists, stacks, trees, and graphs, further strengthened by hands-on experience with dynamic problem-solving.
 - Programmed a Library Management System using C++, implementing OOP concepts and file handling to add, search, display, issue, return, and delete books with persistent data storage.

CERTIFICATES

- The Bits and Bytes of Computer Networking by [Google](#). March 2025
- Responsive Web Design by [FreeCodeCamp](#). December 2024
- Fundamentals of Network Communication by [Coursera](#). September 2024

ACHIEVEMENTS / CO-CURRICULAR ACTIVITIES

- **Participated in L'Oréal Sustainability Challenge:** October 2025
Successfully completed the Online Aptitude Assessment among nationwide participants, organized by L'Oréal on Unstop.
- **Participated in Adobe India Hackathon:** August 2025
Completed Round 1 – Online MCQ Assessment + Coding Round among thousands of participants, organized by Adobe on Unstop.
- **Participated in BinaryBlitz Web Hackathon:** February 2024
Received a Certificate of Appreciation for active participation, demonstrating strong web development & design skills, problem-solving, and innovative thinking during the event.

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; **CGPA: 6.88** Since August 2023
- **DAV Public School** Bokaro, Jharkhand
Intermediate; **Percentage: 65%** April 2021 - March 2023
- **DAV Public School** Bokaro, Jharkhand
Matriculation; **Percentage: 80%** April 2020 - March 2021
